H.W. BUNTING '29

Foreword

We, the class of Nineteen Hundred and Twenty-Seven have run our race; the time has come for us to depart. To the students, faculty, and friends of Northeastern we leave this book and if at any time it brings back one happy memory, one pleasant thought, then its purpose will have been fulfilled.

It has been the hearty co-operation of a considerable number of persons which has made possible the publication of this book.

The CAULDRON Board is especially indebted to Professor Stanley G. Estes for his untiring work and who by his personality has helped us through many a discouraging period in its publication.

We appreciate the work of Miss Cooper and Miss Murray in the many times that they have helped us.

To the following students not members of the staff, the CAULDRON Board extends its heartiest thanks for their drawings and art work: Leon S. Prior, '27; Arthur L. Eldridge, '27; Allison L. Killam, '28; Harry L. Kempanen, '28; Harry W. Bunting, '29; and John N. Crossman, '30.

The CAULDRON Board is especially grateful to the following graduates who have willingly contributed drawings to the 1927 CAULDRON: Earle C. Allen, '22; Dana H. Barber, '24; and E. Allen Anderson, '24.

To

Holley Stetson Winkfield

The class of Nineteen hundred and twenty-seven
respectfully dedicates this book. A small
token in comparison with his four
years of loyal service and
friendship to the class.

HOLLEY STETSON WINKFIELD

FRANK PALMER SPEARE, M.H., LL.B.

Frank Palmer Speare, President of Northeastern University, was educated in the Boston Public Schools, Chauncy Hall School, Bridgewater State Normal School and Harvard University. Upon graduation, he entered High School principalship. Later, in 1895, he was appointed Director of Education for the Boston Young Men's Christian Association, which position he held until the department was incorporated as Northeastern College in 1916, at which time he was elected president. He established the Co-operative Engineering School in 1909.

He is a member of numerous important educational and fraternal organizations.

FACULTY

CARL STEPHENS ELL, A.B., S.B., M.S.

Vice-President of Northeastern University and Dean of the School of Engineering

DePauw University, 1909, A.B.; Massachusetts Institute of Technology, 1911, S.B., 1912, M.S.

Assistant Engineer to E. B. Phelps, Consulting Engineer, Boston and New York, 1912; Assistant Inspecting Engineer, New York State Department of Health, summers of 1911 and 1914; Assistant to Deputy Commissioner of Health of the New York State Department of Health, summer of 1917; Head of the Civil Engineering Department of the Northeastern Engineering School, 1912-1917; Dean of the School of Engineering from 1917 to present date, and Vice-President of Northeastern University since 1925.

JOHN BUTLER PUGSLEY, A.B.

Registrar

Colby College, 1905, A.B. Columbia Summer Courses

Principal of Nichols Academy, 1906-1908; Principal of Black River Academy, 1907-1908; Principal of Somersworth High School, 1908-1916; Principal East High School, Hartford, Conn., 1916-1917; Athletic Officer, Twenty-Sixth Division in France, 1917-1918; member of Zeta Psi Fraternity.

HAROLD WESLEY MELVIN, A.B., A.M.

Professor in English

Director of Student Activities

Boston University, 1915, A.B., 1926, A.M.

Principal of New Marlboro High School, 1915-1916; Instructor in English, Brewster Academy, Wolfeboro, N. H., 1916-1920; Northeastern University, 1920; member of Phi Beta Kappa.

WINTHROP ELIOT NIGHTINGALE, A.B., S.B.

Director of Co-operative Work

Assistant Professor of Civil Engineering

Harvard University, 1915, A.B.; M. I. T. and Harvard, 1918, S.B.

United States Coast and Geodetic Survey, 1915-1916; Resident Engineer, Massachusetts Highway Commission, 1916-1917; Massachusetts Institute Technology, 1917-1918; Ensign, Naval Air Service, 1918-1919; Resident Engineer; Lockwood, Greene & Company, Engineers, 1919-1920; Northeastern University, 1921.

MILTON JOHN SCHLAGENHAUF, A.B., B.D., M.A.
Professor of Administrative Engineering
Director of Admissions
Washington University, Garrett Biblical Institute, Northwestern University, Boston University, Harvard University

Senior Instructor in General Education, E. and F. School, Camp Grant, Illinois; Instructor, Granite City High School, Granite City, Illinois; Northeastern University, 1922; Phi Beta Kappa; Fellow of Royal Economic Society of England; Member of the American Academy of Political and Social Science; American Economic Association; American Sociological Society; Society for the Promotion of Engineering Education; Society of Industrial Engineers.

EDWARD SNOW PARSONS, B.C.E.
Director of Health and Physical Training
Instructor in Mathematics
Northeastern University, School of Engineering, 1922, B.C.E

Assistant Instructor in Civil Engineering, 1920-1922; member of Eta Tau Nu Fraternity; Alumnus of Northeastern Senate; Advisor to Varsity Club.

GALEN DAVID LIGHT, A.B.
Secretary and Comptroller, Northeastern University
Yale University, 1901

Assistant Educational Director of the Boston Young Men's Christian Association from 1901 until the incorporation of Northeastern University when he was elected secretary of the University. He is also the University Comptroller.

HENRY BISSELL ALVORD, S.B.
Professor of Civil Engineering
Massachusetts Institute of Technology, 1907, S.B.

Assistant in Civil Engineering, M. I. T., 1907-1910; Instructor and Assistant Professor of Civil Engineering, Bowdoin College, 1910-1914; Aberthaw Construction Company, 1914-1917; Secretary, American Concrete Institute, 1917-1919; Instructor, Wentworth Institute, 1919-1920; Northeastern University, 1920; Member of Boston Society of Civil Engineers Member S. P. E. E.; Advisor for Sigma Omega Psi Fraternity, Kappa Chapter.

GEORGE FRANCIS ASHLEY
Professor of Drawing
Massachusetts Institute of Technology, 1897-1900

Instructor and Assistant Professor of Technical Drawing and Descriptive Geometry, Tufts College, 1900-1917; Instructor in Descriptive Geometry at Harvard, 1909; Sanborn Gauge Company, 1917-1918; Northeastern University, 1918.

JOSEPH ARTHUR COOLIDGE, S.B.
Professor of Physics
Harvard University, 1910, S.B.

Head of Mathematics Department, Northeastern University, 1910-1919; Head of Physics Department, 1920; Advisor of Glee Club

WILLIAM LINCOLN SMITH, S.B.

Professor of Electrical Engineering

Massachusetts Institute of Technology, 1890, S.B.

Assistant, Department of Physics, M. I. T., 1890-1891; Studied Mathematical Physics, University of Paris, 1891-1892; Instructor, Department of Electrical Engineering, M. I. T., 1893-1902; Secretary Massachusetts Municipal Electrical Inspectors; member, Electrical Council of Underwriters Laboratories, Inc., Chicago; member, Society for Physical Research, London; member, American Institute of Electrical Engineers; Northeastern University since foundation; Head of Electrical Department; Counsellor for Northeastern Branch A. I. E. E.

JOSEPH SPEAR, A.B.

Chairman of the Department of Mathematics

Harvard University, 1913, A.B.

Instructor in Mathematics and German, University of Maine, 1913-1915; Lieutenant United States Field Artillery, 1917-1919; Northeastern University, 1919; Member of American Association for the Advancement of Science; Member of American Mathematical Society; Chairman of the Interfraternity Council.

JOSEPH WILLIAM ZELLER, S.B.

Professor of Mechanical Engineering

Tufts College, 1908, S.B.

Graduate Work in Electrical Engineering, 1909
University of Colorado, Summer of 1914

Mechanical Engineer, Sullivan Machine Co., Claremont, N. H., 1909-1911; Instructor in Mechanical Engineering, University of Florida, 1911-1913; Head of Evening Industrial Classes, Jacksonville, Florida, 1913-1916; Turbine Department General Electric Company, 1916-1917; Head of Evening Industrial Classes, Jacksonville, Florida, 1917-1919; Instructor Mechanical Engineering, University of Pennsylvania, 1919-1920; Northeastern University, 1921; Coach of Track; member of Alpha Kappa Sigma Fraternity.

ALFRED JOHN FERRETTI, S.B.

Associate Professor of Mechanical Engineering

Massachusetts Institute of Technology, 1917, S.B.

Instructor in Drawing and Mechanism, Massachusetts Institute of Technology; Instructor in Merchant Marine Eng. School at Massachusetts Institute of Technology; Instructor in Mathematics and Machine Design, Franklin Union; Associate member of American Society of Mechanical Engineers; member of Boston Section, A. S. M. E.; member of Society for the Promotion of Engineering Education; Advisor of Class of 1928; Advisor of H. T. N. Fraternity; Advisor of Junior Mechanicals; Advisor of Sophomore Mechanicals.

EMIL ANTON GRAMSTORFF, B.S. and Certificate in Naval Arch.

Associate Professor of Civil Engineering

Massachusetts Institute of Technology

Lieutenant (C. C.) U. S. N., 1917-1920; Registration Construction, 1920-1921; Northeastern University, 1921; associate member A. S. C. E.; Northeastern Section A. S. C. E.; member Structural Division, A. S. C. E.; Advisor to B. G. E.; Advisor to Civil Freshmen.

JAMES WARREN INGALLS, B.S., C.E.

Associate Professor of Civil Engineering

Dartmouth College, 1910, B.S.; Thayer School of Civil Engineering, 1911, C. E.; University of Michigan, Summer School, 1926

Junior Topographer, United States Geological Survey, 1911; Draftsman, J. P. Snow, Boston, 1911-1912; Instrumentman, Southern New England Railroad, 1912; Track Supervisor, Ponce and Guayama Railroad, Porto Rico, 1913; Resident Engineer, Maine Central Railroad, 1913-1918; mail order business, 1919-1921; Northeastern University, 1921; associate member A. S. C. E.; member B. S. C. E. and S. P. E. E.; member Iota Alpha; Advisor of The Senate; Advisor of The Student Union.

SAMUEL ABBOTT SMITH STRAHAN

Associate Professor of Chemistry

Head of Chemical Engineering Department

Polytechnic School, five years; Massachusetts Institute of Technology, two years

Assistant Instructor of Chemistry, M. I. T., 1912-14. Instructor Evening Polytechnic School, 1910 to date; Instructor Northeastern University (Eng.) 1917 to date; member of American Chemical Society; Advisor for Alpha Kappa Sigma Fraternity.

WILLIAM JEFFERSON ALCOTT, JR., B.S. in C.E.

Assistant Professor in Mathematics

Tufts School of Engineering, 1922, B.S. in C.E.

New York, New Haven, and Hartford Railroad, 1915-1917; Engineering Corps, A. E. F., 1917-1920; Assistant Engineer, Massachusetts Highway Commission, 1920-1921; Boston and Maine Railroad, 1922-1923; Northeastern University, 1924; Member B. S. C. E.; Advisor to Dramatic Club; Advisor to Everett High School Club.

CHESTER PACKARD BAKER, B.Ch.E.

Assistant Professor of Chemical Engineering

Northeastern University, School of Engineering, 1920; Special Courses, M. I. T., 1920-1921; Boston University, Summer of 1926

Analytical Chemist, Werby Laboratories, 1917-1918; Assistant Instructor of Chemistry, Northeastern University, 1919-1920; Instructor of Chemical Engineering, 1920-1926; Assistant Professor of Chemical Engineering, 1926; Alpha Kappa Sigma (Faculty member); Brockton High School Club; Advisor of Brockton High School Club.

STANLEY GODDARD ESTES, A.B.
Assistant Professor in English
Colby College, 1923, A.B.
Columbia University

Assistant Librarian, Colby College, 1923-1924; Northeastern University, 1924; member of Kappa Phi Kappa; member of Pi Kappa Delta; member of Kappa Delta Phi; Director of Publications; Advisor to Gamma Phi Kappa; Advisor to Administrative Freshmen.

GEORGE BLODGETT GEE, C.E.
Assistant Professor of Drawing
Ohio Northern University, 1914, C.E.

Assistant City Engineer, Ada, Ohio, 1915; Truscon Steel Company, 1915-1918; Northeastern University, 1918; member S. P. E. E.

FREDERICK WILLIAM HOLMES, A.B.
Assistant Professor in English
Harvard University, 1919

2nd Lt. Machine Gun, U. S. A.; Teacher in Holbrook High School; Reporter and Assistant to Financial Editor, Boston *Evening Record;* Instructor and Assistant in Class Organizations, Massachusetts Division of University Extension; Sigma Delta Fraternity; Advisor to Freshman Class; Advisor to Freshman Chemicals; Advisor to Sigma Delta; Advisor to String Trio.

WALDEMAR STANWOOD MCGUIRE, S.B.

Assistant Professor of Chemical Engineering

Massachusetts Institute of Technology, 1918, S.B.
Harvard Graduate School of Education, 1923
Rhode Island State College, 1923-1924

Chemist, Atlas Powder Company, 1918; Chemist, Toch Brothers, 1918-1919; Chemist and Foreman, U. S. Color and Chemical Company, 1919-1920; Instructor in Physics and Chemistry, Tufts Pre-Medical School, 1920-1921; Instructor in Chemistry, Rhode Island State College, 1921-1924; Northeastern University, 1924.

ROLAND GUYER PORTER, B.E.E.

Assistant Professor of Electrical Engineering

Northeastern University, School of Engineering, 1918, B.E.E.

Marconi Company, 1913-1915; Edison Electric Illuminating Co., Boston, 1915-1916; Ensign, U. S. N. R. F., 1917-1919; Northeastern University, 1919; Instructor in Electrical Engineering, 1919-1923; appointed Assistant Professor of Electrical Engineering, 1923; associate member of A. I. E. E., I. R. E., and I. E. S.

HENRY EDWARD RICHARDS, S.B.

Assistant Professor of Electrical Engineering

Massachusetts Institute of Technology, 1918, S.B.; Harvard University, 1918, S.B.; United States Navy Steam Engineering School

Engineering Work, General Electric Company, 1918-1921; Northeastern University, 1921; associate member A. I. E. E.; Advisor Mechanics Arts High School Club and Phi Gamma Pi Fraternity.

Frederick Arlington Stearns, S.B.
Assistant Professor in Mechanical Engineering
Massachusetts Institute of Technology, 1917, S.B.

United States Army Ordnance Department, 1917-1919; (In France 18 months) Instructor in Mechanical Engineering at Massachusetts Institute of Technology, 1919-1920; Instructor and Assistant Professor in Mechanical Engineering at Northeastern University, 1920; Honorary Chairman of Student Branch of American Society of Mechanical Engineers; Advisor for Freshman Mechanicals.

Eliot F. Tozer
Assistant Professor of Drawing
Massachusetts Normal Arts, 1918
Boston University Evening School, 1922-23

Designer with United Shoe Machinery Company, 1919-1921; Instructor in Mechanical Drawing, Quincy High School, 1921-1923; Northeastern University, 1923; Quincy High School Club of Northeastern; Advisor of Quincy High School Club.

Albert Edward Whittaker, B.M.E.
Assistant Professor of Physics
Northeastern University, School of Engineering, 1924
Lowell Institute
Fitchburg State Normal School
M. I. T. Summer School
George Washington University
Harvard Summer School, 1926

Pattern Department, Hunter Machine Co., North Adams, Mass., 1908-1913; Instructor, Industrial Arts, Pittsburgh, Pa., North Adams, Mass., 1916-1918; U. S. Army, 1918-1919; Production General Electric Company, 1919-1920; Training Officer, U. S. Veterans' Bureau, 1920-1924; Northeastern University, 1924; Advisor for Sophomore Class; Advisor for Freshman Electricals; Advisor for Banjo Mandolin Club.

HOLLEY SIETSON WINKFIELD, S.B.
Assistant Professor of Electrical Engineering
Massachusetts Institute of Technology, 1919, S.B.

Turbine Engineer, General Electric Company, 1920; Instructor Engineering Department, Lowell Textile School, 1920-1923; Northeastern University, 1923; Advisor for Class of 1927; Advisor for Musical Organizations.

WILLIAM THURLOW ALEXANDER, B.M.E.
Instructor in Mechanical Engineering
Northeastern University, 1926, B.M.E.

Member of Beta Gamma Epsilon; Advisor to Nutmeg State Club.

CHARLES OSCAR BAIRD, JR.
Instructor in Civil Engineering
Northeastern Polytechnic, 1922

Lynn Water Department, three and one-half years; Junior High School, Lynn; Northeastern University, 1922; Member B. S. C. E.; Member and Advisor of Salem High School Club; Advisor to Sophomore Civils.

Rufus Hallowell Bond, A.B., LL.B.

Coach of Basketball and Baseball

Harvard College, 1919, A.B.; Northeastern University, 1924, LL.B.

Ensign, United States Naval Reserve Force, 1918; Teacher coach, Country Day School, Newton, 1919-1921; Teacher-coach, Winchester High School, 1921-1923; Passed Massachusetts Bar Examination, June, 1923; Work for LL.B. Degree completed at Northeastern University Law School, 1924; Northeastern University, 1923; Associated with firm of Stover, Sweetzer, and Lombard, in the practice of law.

Lewis Emery Cobb, B.E.E.

Instructor in Electrical Engineering

Northeastern University, 1926

Instructor in Summer School, 1925; Laboratory Assistant, 1925-1926; Member of A. I. E. E.

John Orrin Copley

Instructor in Drawing

Fitchburg Normal, Practical Arts Department, 1920

Advance study at Maine, Harvard, and Boston Universities.

Supervisor of Industrial Arts and Coach of Athletics, Brewster, Maine, 1919-1923; Physical Instructor, Bangor Seminary, 1923; Instructor in Industrial Arts and Coach of Athletics, Medford Junior High School, 1923-1924; Northeastern University, 1924; Coach of Soccer.

PHILIP HOLT ESTES, B.E.E.
Instructor Department of Cooperative Work
Harvard University

General Electric Company Test Course; Foreman of Transformer Test. General Electric Company.

GEORGE ANDREW HASKINS, B.C.E.
Instructor in Civil Engineering
Northeastern University, 1926, B.C.E.

Assistant Engineer with R. Loring Hayward, 1923-1926; Northeastern University, 1926; member of the Senate, Sigma Delta Fraternity, Faculty Club, and Boston Society of Civil Engineers.

FORREST MELDON HATCH, S.B.
Instructor in Physics
Massachusetts Institute of Technology, 1917, S.B.

Five years' engineering, including Goodyear Tire & Rubber Co.; Franklin Manufacturing Co., Syracuse, N. Y., Engineering Department, 1920-1922; Instructor in Science and Mathematics, Brewster Free Academy, Wolfeboro, N. H., 1922-1923; Instructor in Science and Mathematics, Brattleboro High School, Brattleboro, Vt., 1923-1924; Northeastern University, 1924; Advisor of the Blue and Blue.

WILLIAM C. HULTGREN
Physical Director
Springfield College, 1917
Chicago Association College, 1921

Physical Director, Paterson, New Jersey, 1 year; New Britain, Connecticut, 1 year; Carlisle, Pennsylvania, 3 years; Dubuque, Iowa, 3 years; Boston, Massachusetts, 4 years.

WILFRED STANLEY LAKE, A.B.
Instructor in Administrative Engineering
University of Akron; Hiram College, Hiram, Ohio; Harvard University; University of Michigan

Member of Pi Kappa Delta (Honorary Society).

ERWIN HOLBROOK LEWIS, B.E.E.
Instructor in Electrical Engineering
Northeastern University, School of Engineering, 1923

Trouble Dispatcher, Edison Electric Illuminating Company of Boston, 1923-1925; Alumnus of Northeastern Senate; Advisor to the Managerial Staff of the Musical Clubs.

George Harris Meserve, Jr., B.C.E.

Instructor in Civil Engineering
Assistant to the Director of Student Activities

Northeastern University, School of Engineering, 1925, B.C.E.

Whitman & Howard, Inc., 1921-1923; Junior Construction Engineer, L. Luchini & Sons, Milford, 1923-1924; Chief Survey Engineer, Charles River Reclamation Project, 1924-1925; Boston City Planning Board, 1925; Chief of Party, A. C. Peters, C. E., Boston, 1925-1926; Northeastern University, 1926; Junior member B. S. C. E., Member of Nu Epsilon Zeta Fraternity; Advisor to the Northeastern News.

Derwood Austin Newman, B.S. in E.

Instructor in Chemistry

University of New Hampshire; Massachusetts Institute of Technology; Boston University

Instructor of Mathematics and Sciences, East Bridgewater, Mass., 1922-1923; Instructor of Mathematics and Sciences, Danvers, Mass., 1923-1926; Instructor of Chemistry, Northeastern University, 1926; Advisor of Dance Orchestra.

Edward R. Place, Ph.B.

Instructor in English
Publicity Director

Brown University, 1924, Ph.B.

Providence *Journal* Staff, three years; Editor and Publisher of *Swampscott Review*, Swampscott, Mass.; member of Phi Gamma Delta; member of Phi Beta Kappa.

JOHN JAMES SINNETT
Instructor in Physical Training
Springfield College, 1918

Director of Physical Education, Boston Y. M. C. A.; Lynn Y. M. C. A.; Physical Director, Huntington School Gym Classes.

HERMAN CHRISTIAN STOTZ, B.C.E.
Instructor in Mathematics
Northeastern University, 1924
Harvard University Graduate School of Arts and Sciences, 1924-1926. Still attending part time.

Massachusetts Department of Public Works, Division of Highways, Engineering Assistant; Metropolitan District Commission, Engineering Assistant, Member of Nu Epsilon Zeta Fraternity.

LEOPOLD FREDERICK STRAUSS, Ph.D.
Instructor in German
Tuebingen, Germany
Author of *A Tale of West and East.*

GEORGE WESLEY TOWLE, S.B.
Assistant Director of Cooperative Work
New Hampshire University, 1912, S.B.

Submaster of Mt. Lebanon High School, Mt. Lebanon, Pa.; Submaster of Malden High School, Malden, Mass.; Meter Department of Niagara Falls Power & Conduit Co., Buffalo, N. Y.; member of Peta Chapter of Kappa Sigma, University of New Hampshire; Advisor for Nu Epsilon Zeta Fraternity.

WILLIAM CROMBIE WHITE, B.E.E.
Instructor in English
Alumni Secretary
Northeastern University, 1925, B.E.E.

Student assistant, Laboratories of Edison Electric Illuminating Company, Boston, 1923-1925; Radio operator, United Fruit Company, 1925-1926; member of N. E. Z. Fraternity; member of the Senate.

THEASTERN

The College Year

JUNIOR PROM

The Junior Prom is generally accepted as the biggest social event of the year, and this was especially true of that of the Class of 1927. About two hundred couples enjoyed the delightful dance music furnished by two teams of Joe Herman's Lido-Venice Orchestra in the beautiful Louis XIV Ballroom of the Hotel Somerset. The Prom was opened with a reception by the faculty guests, then dancing was enjoyed until nearly midnight. The eleventh dance was the occasion of a grand march led by Dean and Mrs. Carl S. Ell; at the conclusion of the march appropriate favors were distributed. These consisted of silver vanity cases for the ladies and cigarette cases for the gentlemen. A midnight luncheon was served in the Dutch and Blue Rooms of the Hotel. Dancing was then resumed and continued until four o'clock. Friday, April 16, will always be remembered as the occasion of a truly wonderful evening by those fortunate enough to attend.

PUBLIC SPEAKING

On Wednesday, April 28, the fifth annual Public Speaking Contest was held in Jordan Hall. The contestants are to be congratulated for the excellent subjects they chose for the occasion. B. J. Holt, '26, was awarded first prize, and W. P. Raffone, '27, and J. W. Maddocks, '26 received second and third respectively. The judges were Dean T. F. Garner of the School of Business Administration, J. W. Lees of the Huntington School, and H. W. Moses, head of the Welfare Department of the Edison Electric Illuminating Company, chairman. The prizes were 1st, $50.00; 2nd, $25.00; 3rd, $10.00, and three prizes of $5.00 each. Other speakers were J. W. Russell, '28; S. H. Morrison, '28; and E. B. Landry, '28.

POPS

Northeastern Night, May 11, at the annual Pop Concert of the Boston Symphony Orchestra was marked for its unusual features. The entire floor of Symphony Hall was engaged for the evening. In addition to the regular program, the Symphony Orchestra rendered under the leadership of Professor Holley S. Winkfield, excerpts of the University Musical Comedy, "Rajah of Kashmir." A balloon shower added to the merriment between numbers and the delightful evening closed with the singing of the Victory Song.

ANNUAL TRACK TEAM BANQUET

On May 22, the Northeastern Track Team held its annual banquet in the Hotel Buckminster. Professor Spear acting as toastmaster, introduced Coach Zellar as the first speaker who talked to the men on the value of hard and conscientious training. He was followed by Graduate Manager E. S. Parsons who pre-

NEW N.U.

MASCOT

WELCOME

HUSKY

sented a tentative outline of the program for the coming year. Mr. Parsons also announced the names of the men who had been awarded special medals for breaking records. The athletes receiving medals were A. M. Breive, G. R. Tatton, S. Earle, L. S. MacKnight, and G. E. Martin. Mr. Montgomery, the next speaker, announced the names of the men to whom the Athletic Committee had awarded the coveted "N". These men were A. M. Breive, '27, Captain; H. B. Hilton, '26, Manager; S. Earle, '29; J. A. Audano, '28; G. R. Tatton, '28; L. S. MacKnight, '28; C. W. Hunt, '27; G. E. Martin, '29; P. W. Hamilton, '28; W. P. Raffone, '27; L. J. McKenna, '26; R. J. Sullivan, '26; B. W. Barrows, '28; A. Ross, '28; and J. T. Morley, '29.

MUSICAL CLUBS BANQUET

The annual banquet of the Combined Musical Clubs was held on the evening of May 28. Approximately 100 members and the faculty advisors of the several clubs were present. After the banquet, Dean Ell awarded charms to the Juniors and Seniors who had been faithful in their service with the clubs. Professor Joseph Spear, retiring as Director of Student Activities, gave a farewell address, thanking the men for their co-operation during his administration. The evening was closed with the election of the leaders of the various clubs for the coming year.

BASEBALL BANQUET

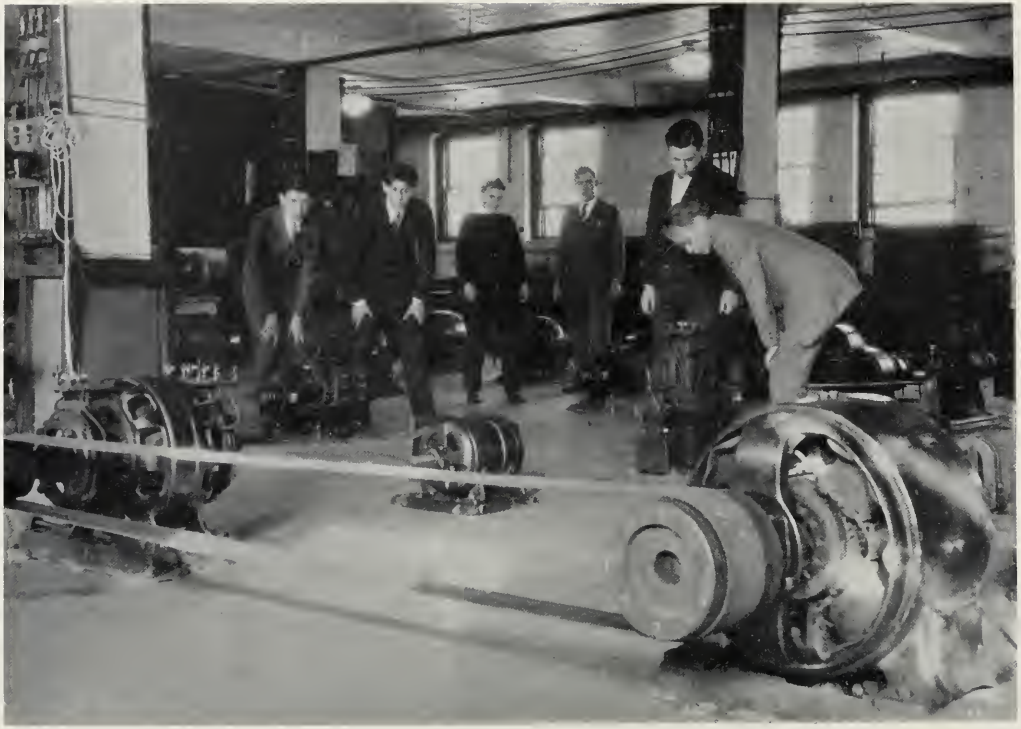
The Northeastern Baseball team held its annual banquet on the evening of June 3rd, at the Hotel Buckminster. Professor Spear, as the Director of Student Activities, spoke enthusiastically of the past season and suggested methods of getting a larger percentage of the student body to attend the home games. Coach Bond commended the boys on the spirit they had shown during the season. As an appreciation of his tireless and unselfish efforts in behalf of the team, Coach Bond was presented with a beautiful charm by the men.

Mr. Montgomery, in behalf of the Athletic Committee, announced the names of the winners of the Varsity "N" and of the numerals. Captain Dennis was presented with a watch charm by his teammates. The letter men then elected "Danny" Pender as captain for the coming year, with R. E. Lee as Manager.

FIELD DAY

With the possible exception of the Junior Prom, there is no event that is anticipated more enthusiastically than Field Day. This annual outing of the Engineers was celebrated June 12th at Riverside, Mass. The day was opened by a grand parade of the students to the music of the 110th Cavalry Band. A hollow square was formed on the grounds, and President Gebhardt of the Senior Class presented the colors to President A. A. Quimby of the Freshman Class with a suitable admonition.

The entire assembly then formed for the group picture, after which the water events were presented on the river. The inter-fraternity canoe race was won by Nu



Epsilon Zeta, with Beta Gamma Epsilon and Sigma Delta second and third respectively. The inter-club race was captured by the Brockton team. In the tank, the canoe-tilting was won by St. Pierre and Todd. Although victorious in the contest, they came ashore as wet as any of the defeated teams. The 50-yard swimming race was won by MacKinnon, followed by Coghlan and Gedney in order.

One of the big events of the day was the senior-faculty baseball game. It is unfortunate that the outcome of this game is still a mystery. The umpire mysteriously disappeared soon after the first few innings, and both teams to this day claim an overwhelming victory.

The regular events of the day being over, each engineer adjourned with his fair partner to enjoy the dancing in the pavilion, or drift dreamily on the river in a canoe. So ended Field Day, an occasion for cherished memories in the hearts of all those who attended.

SENATE BANQUET

On Tuesday, June 15th, the Northeastern Senate held its annual farewell banquet at the Hotel Buckminster. The retiring president, Robert Erikson, gave a farewell talk and awarded the Senate shingles. Professor Pugsley, the principal speaker of the evening, paid tribute to the members of the Honorary Society and made suggestions relative to the choice of new men. Professor Ingalls, faculty advisor of the society, gave the farewell address to the graduates, basing his speech on the quotation, "We end but to begin."

ENTER 1930

Northeastern's newest class registered on September 9th, with a total membership of 267 men. Each year marks an increase in the membership of the Freshman Class. The registration of the Division A upperclassmen followed a week later with 97 Seniors, 111 Juniors, and 183 Sophomores signing for the new year.

FRESHMAN RECEPTION

For the first time in the history of the University the B. A. and Engineering Seniors combined to sponsor a fitting welcome to the Freshman Class. The annual smoker was managed by the combined Student Councils. The Freshmen were introduced to the activities and traditions of Northeastern by the speakers of the evening, who were the leaders in the various organizations and activities.

THE RUSH

The annual Freshman-Sophomore Rush is always eagerly anticipated by both participants and spectators. This year's rush was one of the most exciting in the history of the school. The first event was the obstacle race which was won by the Sophomores, 30-20. The Freshmen, through superior team-work captured the next event, the six-legged race, making the score, Soph — 40, Frosh — 65.

The next event was the main event of the rush, the pole rush. Under the careful superintendence of the sophs, the pole was given a thick coat of slippery grease

THESE SPEAK FOR THEMSELVES

and soft soap. When all was ready, the officials gave the signal for the war to begin, and the Freshmen gallantly stormed the sophomore standard. Their superior numbers and aggressiveness, however, proved of no avail against the strategy of the sophomores who still proudly retained their colors on top of the pole when the closing gun was fired. The score was now Soph — 140, Frosh — 65.

The next event was the tug-of-war, in which the honors were evenly divided between the two classes. This event marked the end of the day's hostilities, with sophs victors to the tune of 190 to 110.

INTER-CLASS BASEBALL

The annual inter-class baseball series this year was won by the Freshmen, who captured the title by defeating the Juniors 6 to 1. While the whole Freshman team is to be congratulated for their playing, the victory was in a large measure due to the excellent pitching of Koolloian.

SENIOR DANCE

The Class of 1927 opened the social season with an informal dance at the beautiful Alden Park Manor on the evening of October 8th. About 140 couples enjoyed the dancing to music furnished by Newman's Orchestra from the Spanish room of the Hotel Buckminster. The patrons and patronesses were Professor and Mrs. Holley S. Winkfield, Professor and Mrs. Henry E. Richards, Professor and Mrs. Emil A. Gramstorff, and Mr. William Alexander.

INTERFRATERNITY COUNCIL

Another step in the merging of the activities of the two day schools resulted in the formation of a new Interfraternity Council made up of representatives from both the B. A. and Engineering Fraternities. Professor Spear was appointed the faculty advisor for the new organization by the University Executive Council, and was also appointed chairman of the Faculty Committee on Fraternities, composed of the faculty advisors of the several fraternities.

ALUMNI SECRETARY

Mr. William Crombie White, '25, instructor in English, was appointed as his Alma Mater's first Alumni Secretary. His task is indeed a large one. It involves the organization of Northeastern's scattered alumni, and the stimulation of alumni interest in the University's projects. It was the consensus of opinion that no man was better fitted for the position than Mr. White.

INTERFRATERNITY SMOKER

Nearly the entire fraternity membership of the University attended the annual interfraternity smoker held in Bates Hall on December 6th. Professor Estes was the speaker of the evening, and gave a very interesting talk on the origin and ideals of fraternities. Entertainment was provided by professional entertainers augmented with music from the inter-fraternal orchestra.

ALUMNI BANQUET

A large number of the engineering alumni met at the University for the annual banquet on December 7th. Mr. E. S. Parsons, '22, was elected President of the Association. The principal speakers of the evening were Dean Ell, Prof. Pugsley, Prof. Nightingale, Prof. Schlagenhauf, Prof. Melvin, and Mr. White.

SENATE ALUMNI BANQUET

Checker Inn was the scene of the reunion of numerous graduate members of the Senate at the annual alumni banquet. This affair, attended by about fifty members both graduates and undergraduates, was very successful, judging by the excellence of the program and menu. Former presidents of the honorary society were called upon to relate some of their experiences since graduation. Professor Ingalls, advisor to the Senate, presented to the alumni important plans of the future upon which they expressed their favor. A checkup of the graduate members showed many to be affiliated with various public utilities corporations and engineering firms in responsible capacities.

MID-WINTER CONCERT

A well balanced program was presented to an appreciative audience at the third annual winter concert of the combined musical clubs, held at Paul Revere Hall on January 13. Professor Winkfield, the faculty director of musical activities, and L. C. Rising, '27, in charge of the program, merit much praise for the excellence of the performance. The concert orchestra of fifty pieces under the able leadership of M. Rich, '27, presented the winning Pep Song in public for the first time. Selections by the Glee Club and the Bacchanalians, Northeastern's Dance Orchestra, were well received. To top off the pleasant evening dancing followed the concert, music being furnished by the Bacchanalians.

STUDENT UNION BANQUET

The first annual banquet of the Student Union was held on the evening of February 8, 1927, in the vestry of the Union Congregational Church on Columbus Avenue.

The repast was followed by talks by various members of the faculty after which the Domino and Dagger gave a short sketch which proved very amusing. This was followed by a very interesting bit of entertainment by Professor Robert Bruce.

BAND BANQUET

The annual banquet, which is given to the members of the band, was held on the evening of February 26, 1927, at the Hotel Buckminster.

Following the dinner, charms were presented to those men who earned them by L. C. Rising, '27, President of the Musical Council. W. J. Wright, '28, was appointed leader for next year by W. R. Sherman, '29, chairman of the nominating committee. Prof. Winkfield made a few remarks.

DIVISION B RUSH

By strength and numbers the yearlings proved to be superior to the sophomores by winning the annual March rush held in the gymnasium. By winning four out of five events the freshmen easily clinched victory. Even though facing defeat the sophomores showed their real spirit by fighting to the end and showing that they die hard.

The first event, the obstacle race, served to put the necessary pep into the rush. Unfortunately, or should we say fortunately, when an unforeseen halt occurred on the part of the sophomores, the freshmen were able to win the event. Even though Captain Raffone of the varsity acted as referee in the basketball game, with twenty men on a team, football tactics at times seemed to be in vogue. The yearlings won, but the sophomores, however, came into their own when they showed their heels to the freshmen in the relay. The entire student body of both classes participated in the exciting volley-ball contest. The early and large lead of the sophomores evidently caused the freshmen to awaken to their danger, for they suddenly piled up enough points to overcome the lead and win the game. By winning two out of three tugs-of-war, the freshmen won that event and immediately following they organized a snake dance and paraded through the streets celebrating their victory.

INTER-HIGH SCHOOL CLUB SMOKER

The first Inter-High School Club Smoker was held March 2, in the Student Activities Room, and proved to be a very successful one. Dean Ell spoke at length on the influence which the various clubs might exert at the secondary schools to secure very best type of men to matriculate here. In the line of entertainment, the blood-curdling melodrama put on by the Domino and Dagger Club certainly scored a hit. Professor Tozer to whom the success of the evening was in a large measure due, expressed the hope that the smoker would become an annual affair.

PRIZE SONG CONTEST

After careful consideration the judges of the Prize Song Contest announced A. F. Comstock, '27, and A. F. Vinal, '27, as winners of the Pep Song. Their song "Stand and Cheer for Old N. U." was enthusiastically acclaimed by the student body so that there is no doubt as to its merit. The snappy tune was the origination of Comstock, our musical genius, and the words by Vinal could hardly have been better. Credit should be given these men for their splendid piece of work which is a real contribution to the University. Incidentally since both men believed that the energy expended was practically the same for each, they went fifty-fifty on the $100 prize.

HUSKY, THE FIRST

In view of the fact that other colleges have almost all adopted suitable mascots from the animal kingdom, Northeastern is indeed fortunate in securing for its mascot a "Husky". A real live Husky it is Northeastern's honor to receive from

the famous dog driver Seppala. Very strongly does the name "Husky" suggest such qualities as speed, endurance, intelligence, and teamwork; and in a large measure these qualities are typical of Northeastern's athletic teams.

It was on March 4 that the entire student body of the day schools assembled at the North Station to welcome "Husky the First". From the station the parade proceeded to the Univerity. At the University Seppala presented "Husky" to Chief Marshal Todd, who, in turn, presented him to President Speare. In accepting "Husky," President Spear delivered an appropriate address, eulogizing the dog's splendid qualities.

HUSKY'S BIRTHDAY

The 17th of March had a special significance this year at Northeastern. It was the first anniversary of the birth of Husky I, the mascot presented to the University by the well-known musher, Leonhard Seppala. Husky I was born at Nome, Alaska, on St. Patrick's Day, 1926.

During the day a mammoth post card was received which was signed "The Terriers". Husky received many other gifts, among them being a complete single harness from Seppala, a tan leather collar and leash, bought with money contributed by the students, a dog-mat from the Class of 1923, and a large meat pie, in the center of which was a large candle.

* * *

WHEN '27 SAILS AWAY

Be calm, oh surging, boundless sea
And roll thy seething waters on.
Unanchored souls are cast on thee
And face the fresh, expectant dawn.
Nor lure one fragile bark away
From fair Northeastern's shore today.

Each simple, eager task is done;
Each flickering candle fades at last,
And yields to life's undimming sun
Its usefulness, so long since past.
And many an old loved friend will stay
On fair Northeastern's shore today.

Thy watery grave must need claim some,
Ere yonder port has hove in sight.
So cast thy sails ere day is done
And find thee struggling in the night.
Sweep, sweep, old '27 away
From fair Northeastern's shores today.

The Track Season

Coach Parsons

NORTHEASTERN 39 — BATES 47

The annual meet with Bates College was held at Lewiston Maine, on February 26th. The strong Bates team nosed out the Northeastern runners in a closely contested meet. In the opening event, the 45-yard dash, Rowe of Bates unexpectedly defeated Gus Breive and Stan Earle. In the mile run, the second event, Red Thompson placed second to A. A. Wills of Bates, the New England Intercollegiate Mile Champion. In the 45-yard high hurdles, the college record of 6 1-5 seconds was equalled by Jerry Tatton, and third place went to Jack Morley. The 300-yard run was a walk-away for Gus Breive in the fast time of 35 1-5 seconds. The 1000-yard run was won by Wills of Bates, in 2 minutes 24 3-5 seconds. S. W. Thompson, running a well-judged race, captured third place. The best that the Northeastern men could do in the shot put was third place which went to Tiny Plett. In the high jump, Morang, Tatton and MacKnight, all Northeastern, tied for first place at 5 ft. 8 in. The 600-yard run was a fast race in which Wakely of Bates led Earle by a few yards to the tape in 1 minute 17 4-5 seconds. The relay, the final event was won by Northeastern; C. W. Thompson, C. W. Hunt, S. Earle, and A. M. Breive, in 2 minutes 49 seconds.

Coach Zeller

NORTHEASTERN 62 — W. P. I 14

In the annual dual meet with W. P. I. on March 5th, there were three records broken. In the high jump L. S. MacKnight reached the peak of his career, clearing the bar at 5 feet 11 3-4 inches. In the 600-yard run the college record was broken by Stan Earle in 1 minute 19 4-5 seconds, which is 1 1-5 seconds faster than the previous record. A new record of 4 minutes 44 2-5 seconds was established in the mile run by Red Thompson. The 45-yard dash and the 300 were captured by Captain Gus Breive. Jerry Tatton won the 45-yard hurdles and placed second in the high jump. The shot put was won by W. E. Ricker and second and third place went to Paxton and Plett both of Northeastern. In the 1000-yard run S. W. Thompson of Northeastern was barely nosed out at the tape by Meggs of Worcester in a thrilling race.

The Relay Team

THE K. C. GAMES

The relay team opened its season on January 22nd, at the Knights of Columbus meet in Mechanics Hall. The triangular race between B. U., M. A. C. and Northeastern was won by B. U. in the fast time of 2 minutes 11 3-5 seconds. Northeastern finished a close second, with M. A. C. a poor third.

B. A. A. GAMES

At the B. A. A. Games on February 5th, at the Arena, the relay team outlegged its rivals, Colby, and W. P. I. in the one-mile race in the excellent time of 3 minutes 36 1-5 seconds. In this race Colby was second and Worcester, third. Mittlestorff, Colby sprinter, took the lead from Charlie Hunt and succeeded in turning over a scanty lead to his teammate, Baker. Red Thompson took the baton from Hunt and succeeded in closing the gap and sending Stan Earle away with a lead over Sprague of Colby. Earle, running well within himself, turned over a substantial lead to Gus Breive, while the race was taken up for Colby by Sansone, Colby's star middle-distance runner. Sansone was evidently expected to overcome the lead. He not only failed to do this, but was not even able to hold his own on account of the terrific pace set by Captain Breive.

AMERICAN LEGION GAMES

At the American Legion Games at the East Armory on February 22, the relay team again faced Colby. In this race the University of New Hampshire was the third team. The Northeastern team again scored a decisive victory in the fast time of 2 minutes 51 3-5 seconds. Colby who had expected to avenge its earlier defeat, had to be content with third place, while New Hampshire took second. In the opening leg, Mittlestorff of Colby and Charlie Hunt came down the home stretch neck and neck. As Colby had the inside lane Baker of Colby was able to lead Red Thompson at the first corner. After sprinting at top speed for one lap, Thompson took the lead, but both he and the Colby man had over-reached themselves, and New Hampshire making a great spurt, gained a commanding lead for about eight yards. Stan Earle then took up the race for N. U. and after picking up on his opponent steadily in the first lap, passed him on the back stretch and opened up a substantial lead for Captain Breive who flashed around the track and won the race by about fifteen yards over New Hampshire, with Colby third.

N

The Baseball Season

Coach Bond issued the first call for battery candidates on March 3rd. Practice was held in the Samuel Johnson Memorial Gymnasium for the first two weeks. About thirty-five candidates reported regularly for practice.

Due to fine weather conditions the team was able to get outdoors behind the "Y" for the third week and then out at the Huntington Field grounds. We were able to have practice on our own field due to the fact that the weather permitted having the field put into immediate use.

Prospects look pretty good for the coming season. The Freshman class brought in some good material. The pitching staff especially looks good with Somerville, Stuckert, Richardson, and a new man Crowley. Mahoney is a mighty aggressive backstop from last year. Perry Ranney looks like a mighty good utility man and his "big" brother, Larry, from Bowdoin College, also looks very promising. After an absence of a year, Freeland is back to take care of first base. Radcliffe, a very promising candidate for the "hot corner" position, is giving Shorty Meehan and Stewy Mader some keen competition for that position. Captain Danny Pender will probably take care of second or short stop, although competition is hot for these two positions. For the outfield there will be Red Vines, Ranney Brothers, and ex-captain Dennis.

The trip this year will be through northern New England into New Hampshire. We shall take on the University of Vermont at Burlington, and Norwich University at Northfield. Due to some Athletic Association trouble at St. Michael's College, their game with us at Winooski Park had to be cancelled so that only two games are to be played on the trip.

THE SCHEDULE

April	9	Providence College at home	May	3	W. P. I. at Worcester
April	13	B. U. at home	May	6	Bowdoin at home
April	16	Tufts College at Medford	May	7	Clark Univ. at Worcester

Basketball Season

February 25 brought to a close a strenuous and successful basketball season, yet one marked with some disappointing defeats. There were eight victories registered with nine defeats. Of the nine defeats, two were lost by one point and two in overtime periods. However, these defeats did not dampen the spirit of the men who fought hard till the final whistle was blown.

The season opened with M. I. T. The score see-sawed throughout, and, when the forty minutes were up, the score stood tied. In the five minute overtime period, both teams fought like tigers. The whistle ended the game with the opponents one point ahead.

Clark did not offer much opposition after the first ten minutes of play. Northeastern journeyed home with a decisive victory under its belt.

Providence College was the next victim. Their men were large, but they could not break up the passing game of the home team, and the Huskies won by a good margin.

What a game we had against Boston University, the Back Bay rivals! First one team was ahead, then the other. Not until the final minute was either team sure of victory. With a final burst of speed, B. U. pulled ahead to win by a few points.

This year Tufts proved an easy victim for the Red and Black. The Northeastern men played their fastest and best game of the year, winning easily and by a decisive score.

The team journeyed to Storrs to play the Connecticut Aggies. During the first part of the game, the men could not get accustomed to the floor, and at the end of the first half the score was very much against them. After receiving instructions from Coach Bond, the Huskies tied the score, but the weight of the Connecticut team was a deciding factor and the game ended with Northeastern six points behind

The next contest was with Lowell Textile at Lowell. During the first half the score was close, but the game ended with a decisive victory over the Weavers.

M. A. C. gave us the worst beating to date. The home team played very well the first ten minutes but could not keep it up. The state college played a fine game and won by a good score.

Upsala College of New Jersey put up a stubborn fight and one minute before the final whistle the Huskies pulled ahead. The game was won by one point when "Red" Renker caged a basket from the middle of the floor.

The return game with B. U. was a thriller. B. U. forged ahead by a good margin but Northeastern fought till the score was tied at the end of the time limit. B. U. nosed out the Huskies by three points in the overtime period.

The next night the team played Trinity at Hartford. The score was close, first one team ahead, then the other. Four minutes before the close of the game, Northeastern was only one point ahead. After renewal of play after a time out, the men won by seven points after Simms, Renker and Kobera each scored a basket.

The undefeated New Hampshire team won easily. The Northeastern men could not get going the first half, but held their own during the final period.

The return game with Lowell Textile was one sided for Northeastern after the first ten minutes. The men worked together, piling up a good score.

The team journeyed to Rhode Island to be defeated by a large score. The two teams played evenly for about ten minutes of the game. From then on the Rhode Island team pulled steadily ahead.

At East Orange, Upsala avenged Northeastern's victory earlier in the season. The team could not get going during the first half, and the opponents ran up a good lead. In the second half Northeastern out-scored its opponents but could not overcome the lead. Upsala left the floor a winner by eleven points.

The appearance of Rhode Island in Boston gave them a well earned victory. The score during the game see-sawed and was tied six different times. Northeastern led at half time. In the second half, Rhode Island pulled away to a substantial lead. However, the home team got together, tied the score, and then gained a two-point lead. They could not keep up the pace. The visitors spurted and won by one point. Both teams played as hard as they could. It was a hard game for either team to lose.

The season came to a close with an easy victory over Clark. The team went on a scoring spree. The game ended with the home team having a fifteen point lead.

Much credit must be given Coach Bond for his work this year. At the annual banquet the following men were awarded the varsity N: J. R. Janssen, '27; A. N. Rae, '27; C. L. Renker, '27; Captain W. P. Raffone, '27; J. J. Sylvester, '27; Manager R. A. Wynn, '27; L. R. Simms, '28; and W. F. Kobera, '28.

SCHEDULE AND SCORES OF THE GAMES FOR 1926

	N. U.	Opp.
Bridgewater Normal (at home)	1	1
W. P. I (at Worcester)	1	3
Clark University (at home)	1	0
New Hampshire State (at home)	1	2
Harvard University (at Cambridge)	3	0
Durfee Textile (at home)	0	2
Clark University (at Worcester)	1	1

1926 Soccer Season

Northeastern's Soccer Team, captained by "Al" Ewer '27, and coached by John Copley, completed a fairly good season with two victories, three losses, and three ties.

The season opened on Huntington Field with Bridgewater Normal on October 2. It was a tie game. Goulart, Freshman star, made the only goal for Northeastern.

Next came the game with Worcester Tech at Worcester on October 8. The Worcester team was the winner. The fine work of Foster, the N. U. goalie prevented the strong Worcester eleven from piling up more points.

On October 8, Clark University came to Boston and went home defeated by the N. U. eleven. The only score of the game was a result of the brilliant play of Burton. The fine guarding of Foster prevented the Worcester team from scoring.

Our next opponent was New Hampshire State. The game was played at Huntington Field on October 23. The N. U. team was set back after a hard struggle. Goulart was the scorer for the Huskies. The game was an exciting one, and every player was alert; however, N. U. was unable to penetrate the Granite Stater's defense.

On October 26, the Huskies went over to Cambridge and handed John Harvard a severe blow. The N. U. team went through in fine shape and emerged with another victory. "Al" Ewer played his usual brilliant game. Bill and Art Rae showed Harvard some real Husky action. Bury and Hess were the scorers for the Red and Black.

The Red and Black booters broke even with M. I. T. in a game at their field on October 30. Burton starred for the team by making both goals. Al Bury made several fine plays to help the N. U. offensive.

The final game was played in Worcester on November 13, with Clark University. It resulted in scoreless deadlock. The ball was continually within inches of both goals. The brilliant playing of both teams was indicated by this fact.

There was no outstanding star of the soccer season. Every player deserves much credit for his showing throughout the entire season. Varsity letters were awarded to the senior members of the team, A. E. Ewer, A. N. Rae, W. J. Urquhart, and M. Wilkinson.

Soccer has been made a major sport for the coming seasons. It is expected that greatly encreased enthusiasm will be shown by the whole school in promoting soccer. Under the guidance of Coach Copley the soccer eleven anticipates a successful season for 1928.

FAMOUS SAYINGS

Dean Ell: "Come in, the water's fine."
Prof. Ingalls: "Oh, I forget what that is now."
Prof. Alvord: "Dope it out."
Prof. Gramstorff: "Now what does this mean?"
Prof. Melvin: "He, He!"
Prof. Alcott: "Now what have we here?"
Prof. Spear: "You're out of luck, that's all."
Prof. Richards: "Yes, that's fine."
Prof. Zeller: "Now you men."
Prof. Winkfield: "Can't see me now."
Prof. Pugsley: "Did you ever hear this one?"
Prof. Porter: "I'm not giving out any marks."
Prof. Ferretti: "Last time we were discussing."
Prof. Schlagenhauf: "You're getting in too deep now."
Prof. Nightingale: "Come around and see me."
Prof. Holmes: "What does your father do?"
Mr. Parsons: "For king's sake!"
Prof. Smith: "This ought to go *SO*!"
Mr. Bond: "Who taught you how to play baseball?"
Prof. Coolidge: "The next assignment — "
Prof. Estes: "Gentlemen, I beg your pahdon!"
Prof. Tozer: "It's all in the book."
Prof. Gee: "That won't boost your batting average any."
Prof. Stearns:
Prof. Strahan: "Noooooo — that won't work!"
Prof. Baker: "The 'fluididity' of the residual gases is of no importance."
Prof. Ashley: "I'm only going to talk a few minutes and I want you to pay strict attention."

* * *

Teacher: Who were the Four Horsemen.
Plett: Paul Revere, Theodore Roosevelt, Jesse James and Barney Google.

* * *

Seniors' Ambition: Pay check with three significant figures.

* * *

We hear that tests are being made to determine the wind resistance of a moving automobile by means of an artificial wind tunnel. Why not take the auto to one of Prof. Ingalls' Highway Classes?

* * *

Moulthrop: What's your full name?
Lyons: Same as when sober.

"A NORTHEASTERN BREEZE."

OUR IDEA OF A PERFECT LABORATORY COURSE

KI + 2S = KISS: It is a conjugate salt. The reaction takes place more rapidly in the absence of light, and a slight pressure is beneficial. It has a sweet taste and ethereal odor. When taken in small quantities it produces a blissful sensation; but in large quantities it has a nauseating effect. It is soluble in distilled moonlight and is best precipitated in the absence of humanity. The presence of a catalytic agent, for example Love, increases the speed and temperature of the reaction.

* * *

Little Johnny, having obtained possession of several little kittens, was walking down the street with one under his arm. Meeting an elderly lady, he asked "Would 'oo 'ike to buy a lil titty?" Not understanding, she asked him to repeat, which he did several times. Finally, becoming disgusted, — he burst out with, "Aw hell lady, want to buyadod damtat?"

* * *

A Scotchman once said he couldn't enjoy smoking a pipe for when he was smoking his own tobacco he constantly worried over the cost and when he smoked someone else's he packed the bowl of the pipe so hard that he couldn't draw through it.

* * *

The hotel bootblack was busily polishing a pair of shoes in the corridor, when the hotel manager approached him very indignantly.

"Haven't I told you not to polish shoes in the hallways, young man?" he asked.

"I know, sir, but these belong to a Scotchman, and he's holding on to the shoestrings."

* * *

T'is said that a Scotchman once sent up a pair of stockings in the pocket of his pajamas, to get them washed free of charge.

* * *

"Elmer" Walker: Say "Moon" let me knock that pimple off your nose.
"Moon" Morris: Sure, but first let me knock that pimple off your shoulders.

* * *

Prof. Gramstorff (*explaining problem*): Well, now what does this mean?
Very Sleepy Student: There ain't no Santa Claus.

* * *

Improper Punctuation: Don't you dare kiss me again!
Proper Punctuation: Don't you dare! Kiss me again.

ELECTRICAL MEASURE LABORATORY

A LITTLE ADVICE FOR EVERYBODY

Never say Die — say Damn!
It isn't classic, it may be profane
But we mortals have need of it time and again,
And you'll find you'll recover from Fate's hardest slam
If you never say Die — say *Damn*

* * *

ALCOTT: "Now what have we here?"
STUDENT: "I'll bite, what have we?"

* * *

CO-ED: "I'm sorry but I'm busy tonight."

* * *

Coach Zeller should be complimented on his fine record at home and abroad.

* * *

PROF. PUGSLEY (*coming down the hall*): "Throw out the life line."

* * *

OSTRANDER: "Curses, it's all off!"
FLETT: "What's all off?"
OSSIE: "The hair on Prof. Schlagenhauf's head."

* * *

What would the Engineering Structures class do without their peanuts?

* * *

PROF. MELVIN: "Why the red necktie this morning, Stan?"
PROF. ESTES: "Oh, I had a heavy date last night."

* * *

We wonder why Ed Place's office has become so popular recently. Ask his secretary.

* * *

Registration Day — "Where do we go from here?"

* * *

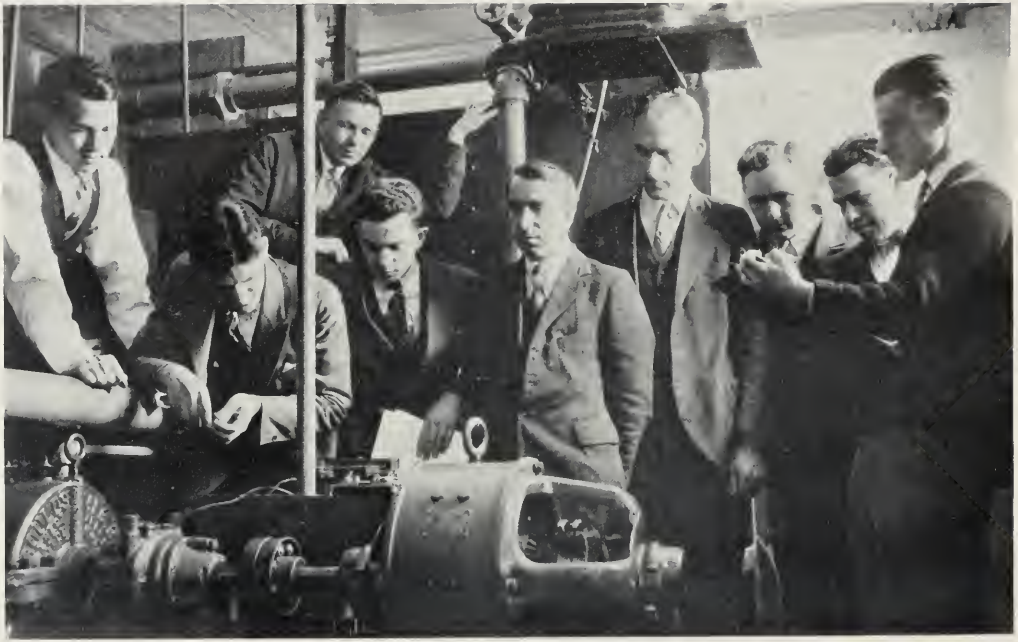
Last fall while the Frosh were arriving, one was seen to march up to the Bursar's office, slam down his baggage and announce, "Well, here I am!" We wonder why Miss Adams smiled.

* * *

Give a sentence with the word "Seldom" in it.
FROSH: "My father had a horse and he seldom."

* * *

In the spring all seniors' thoughts turn to theses.



CLASS IN ENGINEERING LABORATORY

FELLOW STUDENTS, PROFIT BY THIS

Don't be foolishly elated,
Or with pride become inflated,
When a pretty girl has stated,
That your dancing is divine.
Keep your reason firmly seated,
Don't let your soul be cheated,
For her words will be repeated,
To the next young man in line.
Do not rate yourself too highly,
When a lovely maiden shyly,
Lets you squeeze her fingers slyly,
Where the lights perhaps are dim.
Some one else may be regretting,
What he said while she was letting,
Not a fear intrude and getting,
Those same fingers squeezed by him.

* * *

THE GIRL I SIT BESIDE

(With apology to the Boston Elevated)

When I find a vacant moment,
And my thoughts stray far and wide,
Then I steal those side-long glances
At the girl I sit beside.

Though she's quite unconscious of it,
I am always sure to hide
My attention and emotion
From the girl I sit beside.

It amuses me to watch her,
And in doing it I've tried
To foretell the fate and fortune
Of the girl I sit beside.

Yes, I get a lot of pleasure,
And in pleasure I abide,
When I steal those sidelong glances
At the girl I sit beside.

Northeastern University

DAY SCHOOLS

SCHOOL OF ENGINEERING

Four-year courses in Civil, Mechanical, Electrical, Chemical, and Administrative Engineering, leading to the degrees of Bachelor of Civil, Mechanical, Electrical, Chemical, and Administrative Engineering. Conducted in co-operation with engineering firms. Students earn while they learn. Opens September 8.

SCHOOL OF BUSINESS ADMINISTRATION

Four-year course in Business Administration leading to the degree of Bachelor of Business Administration. Students may specialize in Industrial Management, Marketing, Finance, Accounting, and Sales Management. Conducted on the co-operative plan. Opens September 8.

EVENING SCHOOLS

SCHOOL OF LAW

(Co-educational)

Four-year course leading to the degree of Bachelor of Laws. Emphasizes quality. Admits only day high school graduates or those with full equivalent. Thirty-eight per cent of students alumni of other colleges. Trained and experienced instructors, small sections. Enrollment limited. Graduates outstandingly successful as lawyers and business executives. Opens September 20.

SCHOOL OF COMMERCE AND FINANCE

(Co-educational)

Business training for employed men and women at convenient evening hours.

Accounting and Business Administration courses, leading to B. B. A. and M. B. A. degrees.

Other shorter courses specializing in Salesmanship and Advertising, Credit Management, Finance, Distribution, and Railroad Transportation lead to certificate and diploma. 25% of graduates held executive positions upon entering the School, as compared with 72% of graduates now in important executive and managerial positions. Opens September 26.

Secondary school courses for general education or for admission to college offered in Lincoln Preparatory School. Courses of college grade in engineering, business and liberal arts in the Lincoln Institute, leading to appropriate diplomas and certificates.

PIONEERS

LIKE the early western settlers who blazed the trail, Condit engineers have pioneered many important developments in oil circuit breakers. At every stage Condit practice and design have kept a step in advance of the need of the moment.

Today—as for years past, Condit engineers are still looking forward to the possibilities of the future.

COMMONWEALTH AVE. at KENMORE SQUARE

Well Directed

Says the Traffic Officer to the Travelers:

"You will find THE LENOX a mighty comfortable place to stay."

He's heard that often enough to know it's true!

And a mighty pleasant place to dine and dance is the Egyptian Room at THE BRUNSWICK.

The LENOX & HOTELS BRUNSWICK
